

$$\begin{array}{c}
 + \quad \mathcal{O}^4 + \quad t_8 F^4 + \\
 \text{---} \quad \text{---}
 \end{array}$$

The diagram illustrates a quantum field theory process. It features two vertices: a dark gray circle on the left and a light gray circle on the right. These vertices are connected by a thick, wavy line. Each vertex has three external wavy lines extending from it. The diagram is positioned between the terms \mathcal{O}^4 and $t_8 F^4$ in the top line, and a minus sign and a plus sign in the bottom line.
