

$$\begin{array}{ccccc}
 + & \mathcal{T}^{\text{ev.}} & & t_8 F^4 & + \\
 & \text{[Diagram]} & & & \\
 + & & & & -
 \end{array}$$

The diagram consists of two circular vertices. The left vertex is dark gray, and the right vertex is light gray. They are connected by a thick, black, wavy line that forms a star-like shape in the center. Each vertex has four external wavy lines extending outwards, for a total of eight external lines. The entire diagram is part of a larger expression, indicated by the plus and minus signs and the mathematical terms  $\mathcal{T}^{\text{ev.}}$  and  $t_8 F^4$ .
